I will do demo of entire kitchen. Then hire Bill Downs to relocate sink drain and water supply about 4 feet to the south east. He will also move the stove gas line approximately 8 feet to the north east. I will do the electrical. I am not adding any circuits. Just moving the lower wall plug ins up to counter height. I will also relocate some of the plugings to the new island and move garbage disposal power also. In the ceiling there are two light circuits. One I will use to power 6 new can led lights. The other circuit will power the under cabinet lighting. We will have to remove one wall that is 3 feet wide and floor to ceiling height. This wall contains the dryer vent from the lower floor. We will move it to the wall 3 feet west. Then new cabinets, floors, and appliances.
