17th ANNUAL VAIL WINTERFEST

JANUARY 2-31

Alpine Ice returns to carve 25,000 pounds of ice to transform the Gore Creek Promenade into an exhibition of ice and light. Representing all humans three grand sculpted ice profiles are joined by a song of birds in this season's Vail Winterfest. The sculptures explore the connection between external influences with ensuing thoughts embodied by the birds. An individual thought can be so simple to fly over one's head, while a whisper in one's ear can inspire a completely new direction to soar.
