Any two (2) or more of such systems or projects may be combined, operated and maintained jointly, in which case such revenue bonds shall be made payable out of the net revenues derived from the operation of the joint enterprise. Neither a failure of the town historically to have maintained a special fund for any such existing municipal utility system or other income-producing project nor a previous commingling of revenues derived from the operation thereof with the general fund of the town shall prevent a pledge of such revenues for the payment of revenue bonds issued pursuant to this Section or the issuance of such bonds without an election, provided that such a special fund is created prior to or contemporaneously with the issuance of such revenue bonds and thereafter maintained separate and apart from the general fund.</p> <p>Revenue bonds issued for any public purpose of the town may be made payable solely from all or a portion of the proceeds of any tax, other than a general property tax, imposed by or payable to the town. Neither a failure of the town historically to have maintained special funds into which the proceeds of such existing taxes are deposited nor a previous commingling of such tax proceeds with the general fund of the town shall prevent a pledge of such revenues for the payment of revenue bonds issued pursuant to this Section or the issuance of such bonds without an election, provided that such special funds are created prior to or contemporaneously with the issuance of such revenue bonds and thereafter maintained separate and apart from the general fund.</p> <p>Nothing herein shall be construed so as to prevent the issuance of revenue bonds pursuant to this Section for any of the purposes specified in the first paragraph of this Section which are payable from both system or project revenues and the proceeds of the taxes herein specified. Revenue bonds issued pursuant to this Section may also be secured by a pledge of the full faith and credit of the town or of general property taxes; however, except for such bonds issued for the purpose of acquiring, constructing, extending or improving any municipal utility system, no such bonds shall be issued until the question of their issuance shall have been approved at an election as required by Section 10.4 of this Charter. Revenue bonds issued pursuant to this Section may also be secured by a pledge of the governmental grants received or to be received from the United States of America or any agency thereof or from the State of Colorado or any agency thereof or by a pledge of grant receipts together with any other revenues or taxes as herein provided.</p> <div style="text-align: center; border: 1px solid black; padding: 5px;"> <p><b>YES Amend the Charter 149 →</b></p> <p><b>NO Don't Amend the Charter 150 →</b></p> </div>
